

Diksha Agrawal

AI & Data Science Intern | Cloud computing & Data Analytics Enthusiast

Bhopal, Madhya Pradesh, India | +91 9131028961 | dikagra123@gmail.com | <https://www.linkedin.com/in/diksha-agrawal-92771a289> | <https://github.com/dikagra123>

PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student (E-Commerce Technology) with hands-on experience in data science, cloud computing and data analytics. Skilled in Python, SQL and Power BI with project experience building end-to-end applications and delivering data-driven insights. Seeking a Software Engineer, Data Analyst, or cloud computing role.

TECHNICAL SKILLS

Languages: Java, Python, SQL, JavaScript

Web Development: HTML, CSS, UI/UX Design

Databases: MySQL, MongoDB, DBMS

Cloud & Platforms: AWS (EC2, S3, VPC, DynamoDB), Salesforce (CRM, Apex), Vercel, Render

Data Analytics & BI: Power BI, DAX, Power Query, Excel, Tableau, Data Visualization

Tools: Git, GitHub, VS Code, Figma, Canva

Coursework: MPOnline Digital Marketing

WORK EXPERIENCE

AI & Data Science Intern — XYlofy AI

June 2026 | Remote

- Contributed to real-world AI and data science projects, applying Python and data analysis techniques in a collaborative team environment.
- Completed weekly assigned tasks under mentor guidance and delivered progress reports, supporting on-time project delivery.

Industrial Trainee — T-Hub, T-Works, L&T Metro, BSNL

2025 | Hyderabad

- Studied startup incubation ecosystems, prototyping labs, infrastructure operations, and telecom network systems across four organizations.

Workshops & Training Sessions

2025 | Pune

Participated in training programs conducted by I Medita – Industry Training & Skill Development Organization
Entrepreneurship session by Mr. Milind Datar (Founder – CaneBOT), gaining insights into startup development, innovation, and business challenges.

PERSONAL PROJECTS

Hardware Shop Repair & Paint Estimation System | *React.js, Node.js, MongoDB, JWT* | github.com/dikagra123/HardwareShop

- Built a full-stack app automating cost estimation, inventory tracking, invoice generation, and WhatsApp notifications; deployed on Vercel & Render.

Power BI PhonePe Transaction Dashboard | *Power BI, DAX, Power Query* | github.com/dikagra123/Power-BI-Dashboard

- Designed an interactive dashboard analyzing PhonePe transaction data across payment categories and regional trends using DAX and Power Query.

House Price Prediction Model | *Python, Scikit-learn, Regression* | github.com/dikagra123/HOUSE-PREDICTION

- Built ML models on 545 properties; found location & amenities outperform room count as price predictors, yielding actionable pricing insights.

EDUCATION

B.Tech, Computer Science Engineering (E-Commerce Technology) — Vellore Institute of Technology, Bhopal | CGPA: 8.64

Higher Secondary (12th) — Shining Public School | 84.2%, 2023

Secondary (10th) — St. Francis Convent Higher Secondary School | 87%, 2021

CERTIFICATIONS

NPTEL Deep Learning (IIT Ropar) • Industrial IoT: Markets & Security • Deloitte Data Analytics Job Simulation (Forage) • MathWorks MATLAB Onramp • NPTEL Marketing Management II Elite (IIT Kanpur) • AWS Essentials • Power BI Micro-Certification

LANGUAGES

English — Full Professional Proficiency | Hindi — Full Professional Proficiency

EXTRA CURRICULAR ACTIVITIES

Core Member – Marketing Team | Health-O-Tech Club, VIT Bhopal University
Managed marketing and promotional activities for club events.
Coordinated event publicity and collaborated with teams to maximize participation.
Contributed to outreach initiatives and strengthened the club's campus presence.
